

Leading Worship is designed to help those who find themselves – some reluctantly, some enthusiastically! – leading worship in their parish churches.

The style of the module is interactive, with a lot of opportunity to learn from one another as well as the leader. Therefore those with some experience and those with none are equally welcome. The syllabus is a deliberately open one, so that we can look at the questions the participants want to raise, such as ‘Where do I find resources?’, ‘What am I allowed to do?’, ‘How do I include children?’, ‘How do I choose hymns?’

The module is spread over two six-hour workshops. There is a break of two months between the workshops to allow participants the opportunity to put into practice some of what they are learning. The session themes are as follows:

- Introduction to leading worship
- Leading intercessions
- Leading an act of worship

- Learning from experience
- Preaching and preparing a talk
- Going further with worship

By the End of the Module you will have gained the following things:

- Greater confidence in leading worship
- Knowledge of resources available to help you
- Ability to see how to evaluate what you do and do it even better next time!

Where and When?

The module will run on Saturdays, 9.30am - 3.30pm, 2 May & 11 July 2009 at Studley Parish Centre, Old Vicarage Gardens, Studley B80 7SG.
